

AGENDA

Regular Meeting of the Cuyama Basin Water District

Wednesday, June 30, 2021 at 3:30 p.m. at

**Board & Staff ONLY: Cuyama Buckhorn Conference Room
4923 Primero Street, New Cuyama, CA 93254**

Members of the Public: Call (559) 512-2821, PIN 543 727 190 then #

NOTE: PARTICIPATION BY TELECONFERENCE

Pursuant to Executive Order N-29-20, issued by Governor Newsom on March 17, 2020, as modified by Executive Order N-08-21, the Cuyama Basin Water District will hold its regular Board of Directors meeting by teleconference, there will be no meeting site open to the public. Public participation is encouraged using the teleconference information referenced above.

- 1. Call to Order**
- 2. Pledge of Allegiance**
- 3. Roll Call**
- 4. Self-Introductions**
- 5. Public Comment**—This portion of the meeting is set aside to provide the public an opportunity to bring to the attention of the Board members matters within the jurisdiction of the Board and which are not on today's agenda. No action will be taken on any matter discussed during this portion of the meeting. The total time allotted for this portion of the meeting may be limited and to no more than 5 minutes for each speaker.
- 6. Minutes**
 - a. May 26, 2021 Board Meeting Minutes – Board Approval Needed**
- 7. Financial Report**
 - a. YTD Financial Report and Accounts Payable – Board Approval Needed**
 - b. 2021 Assessments Status Report**
- 8. Management/Administration**
 - a. Status Report**
 - b. Resolution Announcing November District Election – Board Approval Needed**

9. Groundwater Sustainability Agency (GSA) for Cuyama Basin

- a. Status Report on Cuyama Basin Groundwater Sustainability Agency
- b. Review potential CBGSA Agenda items and consider action providing any recommendations regarding agenda items.
- c. EKI update on Technical Components

10. New Business—requests for items to be placed on next agenda

11. Announcements

- a. Next meeting July 28, 2021
- b. Future meetings: August 25, 2021
 September 22, 2021 (potential shift to September 30)

12. Closed Session

Government Code Section 54956.9 Anticipated Litigation

Number of Potential Cases: One

13. Closed Session Item

- a. Report action taken in Closed Session required by Government Code Section 54956.9 (d) (2)

14. Adjournment

Americans with Disabilities Act of 1990: Under this act, a qualifying person may request the District provide a disability-related modification or accommodation in order to participate in any public meeting of the District. Such assistance includes alternative formats for the agendas and agenda packets used for any public meetings of the District. Requests for assistance shall be made in person, via telephone, or in written form to Matt Klinchuch at 661-616-5900, or mklinchuch@ppeng.com. Requests must be received at least 48 hours prior to a public meeting.

Acronyms*

AF	Acre-Feet
BMP	Best Management Practice
CBGSA	Cuyama Basin Groundwater Sustainability Agency
CBWD	Cuyama Basin Water District
CCSD	Cuyama Community Services District
CEQA	California Environmental Quality Act
CFS	cubic feet per second
CVGB	Cuyama Valley Groundwater Basin
DAC	Disadvantaged Community (80% CA MHI)
DWR	Department of Water Resources
ET	Evapotranspiration
GSA	Groundwater Sustainability Agency
GSP	Groundwater Sustainability Plan
HCM	Hydrogeologic Conceptual Model
ILRP	Irrigated Lands Regulatory Program
JPA	Joint Powers Authority
LAFCo	Local Agency Formation Commission
MOU	Memorandum of Understanding
PSP	Proposed Solicitation Package
SBCWA	Santa Barbara County Water Agency
SDAC	Severely Disadvantaged Community (60% CA MHI)
SGMA	Sustainable Groundwater Management Act of 2014
SWRCB	State Water Resources Control Board
USGS	United States Geological Survey

*More to be added as necessary

MEETING MINUTES
Regular Meeting of the
Cuyama Basin Water District

Wednesday, May 26th, 2021 at 3:30 p.m.
Participation by Teleconference

BOARD MEMBERS PRESENT:

Derek Yurosek, President
 Byron Albano, Vice-President
 Lorena Stoller, Treasurer
 Matt Vickery
 Jane Wooster

BOARD MEMBERS ABSENT:

None

AUDIENCE MEMBERS PRESENT:

Matt Klinchuch, CBWD GM
 Alan Doud, CBWD Counsel
 Brad DeBranch, CBWD Secretary
 Jeff Shaw, EKI
 Dan Clifford, Bolthouse Properties
 Dan Wilke, Bolthouse Farms
 George Cappello
 Brenton Kelly

1. **Call to Order** – President Yurosek called the meeting to order at 3:31 p.m.
2. **Pledge of Allegiance** – Completed
3. **Roll Call** – Present: Directors Albano, Stoller, Vickery, Wooster, and Yurosek. Board quorum present.
4. **Self-Introductions** – All audience members on the teleconference were introduced.
5. **Public Comment** – No public comment received.
6. **Minutes**
 - a. A motion was made by Director Wooster and seconded by Director Vickery to approve the April 28th, 2020 Regular Meeting Minutes. The motion was unanimously carried.
7. **Financial Report**
 - a. YTD Financial Report & Accounts Payable – An overview of the current financial report and accounts payable was provided by General Manager. A motion was made by Director Vickery and seconded by Director Albano to accept and pay the Accounts Payable for April 2021. The motion was unanimously carried.
 - b. 2021 Assessments Status Report – CBWD has received approximately 71% of landowner assessments for 2021.
 - c. Resolution Authorizing Collection of 2020 Delinquent Assessments by County Tax Collectors – A motion was made by Director Wooster and seconded by Director

Vickery to approve Resolution 2021-002 Authorizing Collection of 2020 Delinquent Assessments by County Tax Collectors. The motion carried.

8. Management/Administration

- a. Status Report – General Manager talked about the potential to start meeting in-person. The District will need to be aware of local guidelines and restrictions when considering a meeting venue. General Manager also provided notice that an upcoming CBWD General Election will take place later this year.

9. Groundwater Sustainability Agency for Cuyama Basin

- a. Status Report on Cuyama Basin GSA – The next GSA meeting is scheduled for July 7th, 2021. Director Vickery informed the Board that an Ad Hoc Committee meeting has been set for next Tuesday related to metering for small users. Director Albano wants to further discuss well metering at next month's Board meeting. The Board talked about how to define a small pumper, for example a threshold between 20 to 50 AF.
- b. Potential CBGSA Agenda Items – The GSA Agenda for upcoming meeting had not yet been produced.
- c. EKI Update on Technical Components – EKI prepared an outline related to options and strategies for the MA task delegations. Director Vickery wanted to know what CBWD is being asked to allocate, i.e. Safe Yield. The groundwater model will be updated by W&C with post-2018 data to review its predictive accuracy. Afterward, input parameters of the model will be revised (i.e., recalibrated) as needed to better fit the new and old data, and then it will be used to produce revised model outputs of future scenarios. The Board considered updating the model outside of W&C efforts. Costs are estimated to be \$12k to \$18k. EKI can start off with quick review and update, and then point out areas to focus on. W&C's first recalibration will be this fall. Board asked EKI to obtain updated model from W&C and provide initial technical review.

10. New Business

- a. Director Yurosek wants staff and counsel to look at potential impacts from new cannabis-related projects on the Water District and overall basin. It was discussed that a certain District landowner has entered into a water offset agreement with a new cannabis grower.

11. Announcements

- a. Next meeting: June 30, 2021
- b. Future meetings: July 28, 2021

12. Adjournment - Meeting was adjourned by Director Yurosek at 5:08 p.m.

Respectfully Submitted,

**Brad DeBranch, Secretary
Cuyama Basin Water District**

PROGRESS SUMMARY REPORT #1 (B70069.02)

Technical Support to the District Regarding Proposed GSP Management Actions
Cuyama Basin Water District

CLIENT: **Cuyama Basin Water District**
CLIENT PM: Matt Klinchuch, P.E.
EKI PROJECT #: B70069.02
EKI PROJ. MANAGER: Jeff Shaw
EKI INVOICE NO: B70069.02-01

PROGRESS SUMMARY REPORT #: 1

PERIOD BEGINNING: 20 Feb 2021

PERIOD ENDING: 28 May 2021

PREPARED BY: Jeff Shaw

WORK COMPLETED THIS PERIOD:

- a) Prep for and remotely attend four District Board meetings (2/24, 03/24, 4/28, 5/26);
- b) Prep for and remotely attend two GSA Board meetings (03/03, 05/05);
- c) Prep for and remotely attend one SAC meeting (2/25);
- d) Review draft Cuyama model update plan and model recalibration plan from GSA staff;
- e) Prepare Tech Memo re CBWRM Model Refinement Plan (03/02);
- f) Review and provide comments on draft GSA Flowmeter Installation Guidance;
- g) Review and provide comments on draft GSA Annual Meter Reporting Instructions;
- h) Review and provide comments on draft GSA Annual Report;
- i) Phone calls and emails with GSA staff re ET & meteorological stations, cascading water in wells, flowmeters, and management area boundary;
- j) Request model information and files from GSA staff;
- k) Prepare summary of District irrigator distribution by acreage;
- l) Discuss alternate flow measurement options with District and D. Wilke;
- m) Discussion with District re GIS files showing faults;
- n) Discussion with District of actions delegated by GSAs; and
- o) General management & communication with District.

NOTE: Note that meeting attendance has been remote-only due to COVID-19 restrictions.

WORK PLANNED OR OR IN-PROGRESS FOR NEXT PERIOD:

- a) Provide technical support during DWR review of the GSP;
- b) Review and provide feedback on CBWRM model performance;
- c) Review and provide feedback on model recalibration;
- d) Assist the District regarding 2021 GSP implementation tasks;
- e) Assist the District with priorities for upcoming funding opportunities; and
- f) Support the District regarding task delegation from the GSA.

OTHER COMMENTS:

TABLE 1

**BEFORE THE BOARD OF DIRECTORS OF THE
CUYAMA BASIN WATER DISTRICT**

IN THE MATTER OF:

Resolution No. **2021-003**

**RESOLUTION ANNOUNCING THE NOVEMBER 2021 DISTRICT ELECTION AND
PROCEDURES RELATED THERETO**

WHEREAS, *Water Code* §34025 provides that the District is required to conduct its election on the first Tuesday after the first Monday in November in each odd-numbered year, which will be November 2, 2021; and

WHEREAS, *Water Code* §35100 provides that the District's elections are to be conducted in conformity with the *Uniform District Election Law – Elections Code* §10500 et seq.; and

WHEREAS, Directors Albano, Stoller, Vickery, and Wooster currently occupy and hold four seats on the District's Board of Directors, and their terms are set to expire at noon on December 3, 2021; and

WHEREAS, an election is to be held on November 2, 2021 be with respect to Director's Albano, Stoller, Vickery, and Wooster's Board seats, should said election become necessary; and

NOW, THEREFORE, BE IT RESOLVED that the District shall utilize the following schedule and procedures for implementing and carrying out the November 2, 2021 election:

1. The District shall carry out this election to the fullest extent possible, and the District's Secretary shall serve as the Election Official.

2. On July 30, 2021, the District's Secretary shall cause to be delivered Notice to the County Elections Official setting forth the following: (1) the elective offices to be filled in the election, and (2) which offices are to be filled for the balance of an unexpired term (if any). The Notice shall also include a map or description of the boundaries of the District and/or Division for which the election is to be held. (*Elections Code* §10524). Furthermore, the Notice shall set forth whether the candidate is to pay for the publication of a statement of qualifications. (*Elections Code* §10509)

3. On no earlier than July 5, 2021 but no later than August 4, 2021, the District shall cause a Notice of Election to be published in a newspaper of general circulation published in the District or, if none exists, in a newspaper having general circulation within the District that is published in any affected County in the District. This Notice shall include the following: (1) the date of the election; (2) the name of each office for which candidates may file; (3) a list and

description of qualifications required by the *Water Code* for each office; (4) a statement setting forth the location where Official Declarations of Candidacy Forms for eligible candidates may be obtained from the Elections Official (i.e., the District Secretary); (5) The office where completed Official Declaration of Candidacy Forms are required to be filed (i.e., with the District Secretary) and the final date and time for submitting completed Official Declaration of Candidacy Forms; and (6) a statement that appointment to each elective office will be made pursuant to *Elections Code* §10515 in the event there are no nominees or an insufficient number of nominees for office and a petition for an election is not filed with the elections official within the time period set forth under *Elections Code* §10515. (See *Elections Code* §12112 et seq.; see also *Elections Code* §10515.) In addition to the foregoing, the District's Secretary, by means of a general press release, shall also list and describe the elective offices to be filled by the election and provide a telephone number that voters may utilize to obtain information regarding filing for the elective offices. (See *Elections Code* §§12112-12113, 10515.) Copies of these publications should be maintained in the District office and a copy of each notice posted in a conspicuous place therein. (*Id.*)

4. The District shall ensure that Official Declaration of Candidacy Forms are available between July 12, 2021 and August 6, 2021, from the Elections Official (i.e., the District Secretary). (See *Elections Code* §10510(a).) Official Declaration of Candidacy Forms shall be filed by no later than 5 p.m. on August 6, 2021 (the "Filing Deadline"), the 88th day prior to the election. (See *Id.*; see also *Elections Code* §10516(a).) The Official Declaration of Candidacy Forms may be filed in the District's office during regular hours prior to the Filing Deadline, or filed by certified mail so long as the candidate ensures that it reaches the District's Secretary by no later than the Filing Deadline. (*Id.*) The candidate is not allowed to withdraw his or her Official Declaration of Candidacy after 5 p.m. on August 6, 2021, the 88th day prior to the election. (*Id.*) Notwithstanding the previous sentence, the following exception shall apply for each office in which there is an incumbent holding office at the time of the Filing Deadline whenever the incumbent does not file an Official Declaration of Candidacy Form by the Filing Deadline. In such cases, any person other than the incumbent shall have until 5 p.m. on August 11, 2021 to file an Official Declaration of Candidacy Form for the incumbent's elective office, and the deadline to withdraw an Official Declaration of Candidacy Form for that office shall also extend to 5 p.m. on August 11, 2021.

5. If by 5 p.m. on August 11, 2021, the 83rd day prior to the election, only one person, or no person, has filed a declaration of candidacy for any elective office to be filled at that election, and a petition signed by 10 percent of the voters, or 50 voters, whichever is smaller, requesting that the election be held has not been presented to the Board, no election shall be held. In such a situation, the District Secretary shall prepare and submit a certificate of these facts to the Santa Barbara County Board of Supervisors, and request that those persons be appointed to serve as Directors. At its next regular meeting the Santa Barbara County Board of Supervisors shall appoint those who have filed an Official Declaration of Candidacy Form with the District to the position of Director. In the event no person has filed a Nomination Petition, at its next regular meeting the Santa Barbara County Board of Supervisors shall appoint any person or persons who would be qualified for the office on the date of the election. (*Elections Code* §10515)

6. In the event it is necessary to hold an election, the District shall enact another resolution setting forth the requirements and procedures for holding such an election. Should any activity be required to be performed prior to the date the District will meet and adopt such a resolution, the District is authorized to perform such steps and acts as are necessary to ensure compliance with

California elections law. Should the District be required to conduct an election, the District intends to utilize an all-mailed ballot form of election.

7. The District's officers, employees and consultants are authorized and directed to do all things necessary and appropriate to carry out the foregoing.

ALL THE FOREGOING, being on motion of Director _____ and seconded by Director _____ was authorized by the following vote:

AYES:

NOES:

ABSENT:

ABSTAIN:

I HEREBY CERTIFY that the foregoing is the resolution of said District as duly passed and adopted by said Board of Directors at a meeting thereof duly called and held on this ____ day of ____, 2021.

WITNESS my hand and seal of said Board of Directors this ____ day of ____, 2021

Brad DeBranch
Secretary of the Board of Directors

UPDATE: CUYAMA BASIN GSP

CUYAMA BASIN WATER DISTRICT

BOARD OF DIRECTORS

30 JUNE 2021

DWR Initial Review of the Cuyama Basin GSP

- Comments were released on 3 June 2021
- DWR notified GSAs in the Cuyama Valley Basin and Paso Robles Subbasin that their GSPs “*lack specific details and are not yet approved*”
- Cuyama GSP is preliminarily classified as “*incomplete*”
- DWR has requested additional information and discussion before it will make a *final assessment* that the GSP is:
 - *Approved*,
 - *Incomplete*, or
 - *Inadequate*

SGMA GSP Pathways

DWR Initial Review of the Cuyama Basin GSP

Cuyama Basin
GSP is here
in the process

- DWR has made a preliminary assessment that the GSP as ***incomplete with a required corrective action***.
- An “incomplete” GSP is: “...missing information that DWR must have to determine if it complies with SGMA, including whether sustainability can be reached within 20 years”
- If DWR makes a final assessment that the Plan is ***incomplete***, the GSA will have 180 days to correct any deficiencies before DWR declares the Plan ***inadequate***.
- After a notice and a public hearing, the State Water Board can designate the basin as ***probationary***.
- If the deficiencies identified in the probationary designation are not remedied within one year, the State Water Board may develop and adopt its own ***interim plan*** to manage groundwater use in the basin.

DWR's Opinion: "Deficiencies" in the Cuyama Basin GSP

DWR identified four primary topics which they considered to be GSP *deficiencies*, including:

- 1) Lack of definition and rationale for the Sustainable management Criteria (SMCs), with particular focus on the Minimum Thresholds (MTs) and Undesirable Results (URs);
- 2) Incomplete explanation for use of groundwater levels to monitor interconnected surface water;
- 3) Incomplete consideration of groundwater quality; and
- 4) Insufficient explanation of how overdraft will be mitigated given that management was not being extended to all portions of the Basin.

DWR's “Deficiencies” in the Cuyama Basin GSP

Synopsis:

- 1) DWR heavily weighted public comments in its assessment.
- 2) DWR is advocating for Basin-wide management and did not agree with the way threshold regions were implemented, or with the degree of supporting analysis provided for their creation. For example, they did not accept that the entire monitoring network, including deep wells located far away from creeks, could reliably be used to monitor interconnected surface waters and Groundwater Dependent Ecosystems (GDEs).
- 3) DWR is focused on Minimum Thresholds (MTs). DWR paid little attention to other Sustainable Management Criteria such as Measurable Objectives (MOs) and Interim Milestones (IMs).

DWR's "Deficiencies" in the Cuyama Basin GSP

Synopsis, continued:

- 4) DWR's published guidance regarding SMCs does not square with some of its comments. Groundwater conditions in monitoring network wells can be expected in many basins to fall temporarily below their MTs, as shown in DWR's graphic below. This is difficult to avoid when a large physical / economic / social system alters its decades-long course. It takes some time to readjust.

WOODARD
& CURRAN

DWR's Opinion: "Deficiencies" in the Cuyama Basin GSP

Synopsis, continued:

- 5) DWR's review did not consider economic impacts, despite multiple references to the importance of economic sustainability within SGMA.

Per SGMA "It is the policy of the state that groundwater resources be managed sustainably for long-term reliability and multiple economic, social, and environmental benefits for current and future beneficial uses." CWC Div. 1, Ch. 1, §113.

- The GSA contracted two economic analyses of the proposed groundwater allocation restrictions on Cuyama Basin.
- Direct impacts alone totaled \$76 million at full implementation.
- Indirect economic impacts in the Cuyama region are projected to total over \$200 million.

DWR's Opinion: "Deficiencies" in the Cuyama Basin GSP

Synopsis, continued:

- 6) DWR seeks to have the GSA take on greater responsibility for groundwater quality. Groundwater samples have been found to contain nitrate and arsenic in some areas of the Basin. Groundwater quality is a real but endemic problem in California and has been a public health challenge for many years. Multiple agencies monitor and regulate groundwater quality in basins across the state.
- **California Water Code (CWC) §10727.2(b)(4) states regarding GSPs:**
"The plan may, but is not required to, address undesirable results that occurred before, and have not been corrected by, January 1, 2015... a groundwater sustainability agency has discretion as to whether to set measurable objectives and the timeframes for achieving any objectives for undesirable results that occurred before, and have not been corrected by, January 1, 2015."
- SGMA thus limits the GSA's required responsibilities to water quality and other impacts which have occurred after 2014.
- It is not clear whether implementation of pumping restrictions (the primary management tool available in the Basin) would improve long-term groundwater concentrations of nitrate and arsenic.

DWR's Opinion: "Deficiencies" in the Cuyama Basin GSP

Synopsis, continued:

- 7) DWR believes that not all available data were considered during GSP development.
- DWR's specific claims of missing available data should be investigated and corrected, as needed.

Cuyama Basin Water Resources Model Update (CBWRM)

- EKI is currently reviewing the model performance compared to new water level data not available during model construction and calibration.
- DWR did not critically review the CBWRM model, apparently accepting model results without question.
- The model will be the primary tool used to assess the Cuyama Basin water budget and determine the magnitude of pumping restrictions in the Basin.
- Critical review of the model output will be necessary to ensure groundwater allocations are based on reasonable assumptions and appropriate data.
- Effects on the water budget (and therefore on pumping allocations) will be investigated and quantified.

Cuyama Basin Water Resources Model Update (CBWRM)

- Residual model error exists in any model
- Key is for it not to be biased or worse in one area than another
- “Residuals” are the mismatch of modeled water levels in model elements containing representative monitoring wells (RMWs)
- Residuals should be balanced, both negative and positive

Cuyama Basin Water Resources Model Update (CBWRM)

- Model appears to have some negative bias at low elevation measurements (i.e., in central basin).
- Good field control on the timing of water level measurements relative to pumping schedules is necessary.
- This information will be needed for model recalibration.

Cuyama Basin Water Resources Model Update (CBWRM)

- Model has been updated with inputs through September 2020 (i.e., Water Year 2020)
- Groundwater budget, including pumping estimates and changes in groundwater storage are as reported in the WY 2020 Annual Report (summarized in Table 4-1 from the report)

Table 4-1: Groundwater Budget Estimates for Water Years 2019 and 2020

Component	Water Year 2019 (AFY)	Water Year 2020 (AFY)
Inflows		
Deep percolation	26,200	25,700
Stream seepage	3,900	2,800
Subsurface inflow	1,600	1,500
Total Inflow	31,700	30,000
Outflows		
Groundwater pumping	46,500	53,600
Total Outflow	46,500	53,600
Change in Storage	-14,800	-23,600
